

## SPORTSMANSHIP AWARD CRITERIA AND PAST WINNERS

Massapequa International Little League strives to recognize the very best in our players and for that reason we identify one special person in several divisions in baseball and softball who exemplifies great sportsmanship. In order to be considered the player must possess a great attitude, team spirit, strong participation and superior sportsmanship. This award is NOT performance based. The player is chosen by the Division managers who must pick two players from the Division and only one may come from their team if they so choose. The winner cannot have won it in previous years. Being on a tournament team will have no effect on the selection one way or another. The winners will be honored by their peers and the Board of Massapequa International. Congratulations to all our past winners!
