

Massapequa International Little League Tournament Team Manager

Tournament Manager Selection Process

1. At the beginning of the season the Division VP(s) will communicate this process to all managers and coaches in their respective divisions.
2. Any manager or coach interested in being considered will draft a letter outlining their qualifications and explaining why he or she should be considered for Tournament Team Manager and submit to the Division VP by May 1st. Any manager or coach that does not submit a letter will not be considered.
3. All letters received will be shared with the League President, VP of Baseball or Softball and the Williamsport Committee.
4. A 30-minute interview will be arranged with each candidate to discuss their qualifications, their in-game strategies, and other relevant topics. This meeting will include the League President, VP of Baseball or Softball, Division VP, and the Williamsport Committee.
5. After the interviews have been completed, the Williamsport Committee will recommend to the Board the candidate they feel is best qualified. The Board members are free to vote for this candidate or any other candidate that has submitted a letter.
6. Once the voting is complete, the League President will announce the name of the manager that has been selected.
7. The Manager should be announced prior to the announcement of the team.
8. The Manager must attend games for teams in their respective Tournament team age group, and not just their own games.
